

## Connectivity Devices

Transferring, reading and writing files has never been easier. Verbatim provides a solution for transferring files of all types from cards to PC's, Laptops or even onto another memory card by using our range of Connectivity Devices.

### 6 in 1 Memory Card Reader

The 6 in 1 Memory Card Reader allows you to access information stored on any of the following memory cards, SecureDigital, MultiMedia, SmartMedia, CompactFlash (type I & type II), Memory Stick and Microdrive. You can easily transfer information between the card reader and your PC. Or even between the cards that are in the reader itself.

## Memory Card Adapters

Verbatim Memory Card Adapters allow read/write operations to and from the cards via the PCMCIA/PC card slot on any laptop. Just plug the card into the adapter and its ready to use.

### CompactFlash to PC Card

This adapter fits any PC Card type 2 slot and can accept any CompactFlash type I memory cards

### SmartMedia to PC Card

This adapter fits any PC Card type 2 slot and can accept SmartMedia cards of upto 64MB

### SmartMedia to CompactFlash

This adapter allows SmartMedia memory cards to be used in any device that has a CompactFlash type II slot

## Memory Card Compatibility Guide

The following compatibility guide will insure you purchase the correct memory card for your digital device. Simply locate your make and model over the following pages and refer to our colour key.

Digital Cameras

Digital Video Cameras

PDA's - Personal Digital Assistants

MP3 Media Players

## Memory Card Colour Key:

Choose the correct card to store your memories!

CompactFlash

MultiMedia

SecureDigital

SmartMedia

Description	Part No
6 in 1 Card Reader	47124
CompactFlash Type I to PC Card	47105
SmartMedia to CompactFlash Type II	47107
SmartMedia to PC Card	47108
